

Television and Theatre Resource Package

Cross Curricular Activity Ideas and Lesson Plans

Area 1: Activity Ideas

This is a sampling of activity ideas. You can also check out activity ideas available with the teacher tools included with individual videos in this resource package.

- ❖ Interpret physics concepts by writing and acting out plays with them as the main characters.
- ❖ Interpret the characteristics of chemical elements by writing and acting out plays with them as the main characters. (For example: Gold, Aluminum, and Iridium are on vacation...)
- ❖ Write scripts for ‘Fractured Fairytales’ after reading the original versions of them.
- ❖ Produce a daily newscast featuring school events or local happenings.

Area 2: Lesson Plans

Sample lesson plans will be added to this document soon. Additional activity lesson plans are available with the teacher tools included with individual videos in this resource package.
